# INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Hamlet Directory since 1961), present to subscribers and the general public, this, the 1963 edition of the Hamlet City Directory, which also includes Rural Route Residents.

Confidence in the growth of Hamlet's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Hamlet to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the results of their labors will meet with the approval of every user, and that the Hamlet Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Hamlet, the necessity of having this kind of information up-to-date and always immediately available is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Hamlet, and the name

803224

official personnel, nature and address of each firm and corporation in the community.

**III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE**, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

**IV. THE NUMERICAL TELEPHONE DIRECTORY** is the fourth major department, printed on blue paper.

#### **Community Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Hamlet and vicinity.

#### **The Hamlet Out-of-Town City Directory Library**

Through the courtesy of the publishers of the Hamlet City Directory, a Directory Library is maintained in the offices of the Hamlet Chamber of Commerce, Merchants Assn & Credit Bureau Inc, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and town throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

### General Review

Hamlet came into being shortly after the Union armies made their famous march through the Carolinas in 1865, leaving in their path total destruction. Such was the case of John Shortridge, whose woolen mill was burned in Rockingham, N. C., six miles to the west of the present location of Hamlet. Shortly thereafter, Mr Shortridge bought property

on Mark's Creek and rebuilt his mill. As new residents arrived, the name was changed from Sandridge to Hamlet, meaning small town.

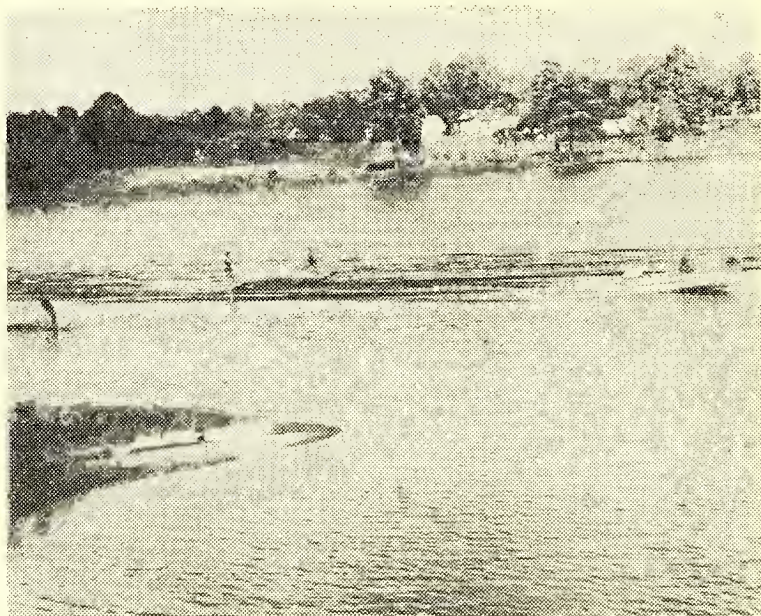

Located in the Sandhills region of the state, Hamlet is 75 miles east of Charlotte on U. S. Highway 74; 100 miles south of the state capital Raleigh on N. C. 177; and 7 miles north of the South Carolina border.

Although small in area Hamlet is known throughout the United States as "The Hub of the Seaboard Railroad." In 1954 the Seaboard Railroad located its new \$12,000,000 classification yard in Hamlet. This facility provides swift classification of all trains on each direction, which affords excellent shipping connections to all sections of the country. The Seaboard also has its diesel engine and car repair shops located in Hamlet. These provide major repairs for diesels and other

rolling stock for the entire system. As the leading railroad terminal of the South, Hamlet provides overnight rail accommodations to and from Baltimore, Philadelphia, New York and Boston. Daily train service is provided to Atlanta and the Southwestern United States. Direct connections are available to Charleston, Savannah, and Jacksonville. A large percentage of the 4,460 population is employed by the Seaboard. Other sources of income for residents include two furniture factories; six textile mills in and around Hamlet; one of the largest manufacturers of dairy products; two lumber yards; a printing company which prints seven papers, two of which are distributed over the entire state.

Banking facilities are good. Commercial State Bank, Southern National Bank, and the Hamlet Building and Loan Association are aggressive organizations providing financial aid to industrial and commercial enterprises.

Surrounded by various lakes, Hamlet is a fisherman's paradise. There are numerous private ponds and the State maintains an immense wildlife refuge in which are found nine lakes amply stocked with a variety of game fish. Quail, deer, and turkey are plentiful in the surrounding Sandhills.

The local Country Club and the famous Pinehurst golf courses are available. Boating, swimming and other sports are enjoyed in the area. Two lighted athletic parks make all kinds of sports possible. The summer program of Little League and Junior Legion Baseball is a much looked forward to event by the sportsminded citizens in the county.

**The Hamlet Woman's Club**

Hamlet has one of the highest scholastic ratings in the State. The educational programs includes 12 grades. Modern elementary and junior high school buildings for both white

and negro students have just recently been completed. St. Andrews College in Laurinburg N. C., 16 miles east, opened its doors for the first time in the fall of 1961, to both day and night students. The churches of Hamlet work together in a spirit of close co-operation. A full calendar of religious activities is made available by the local Ministerial Association.

The Hamlet Hospital, locally owned and operated, and the Richmond County Hospital provide the latest in modern medicine to the peoples of Richmond County.

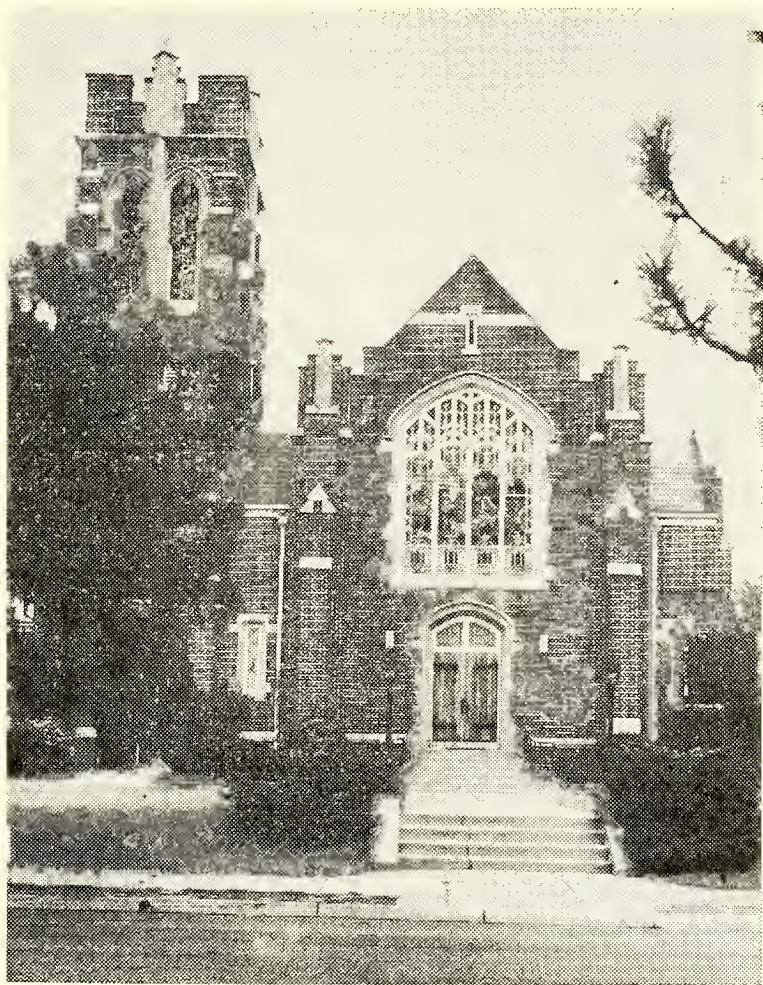

Beautiful homes and well kept yards are a source of pride to Hamlet. In the spring many visitors come to Hamlet just to see the numerous dogwood blossoms and the thousands of azaleas and camellias.

Construction was begun in July of 1960 on a modern sewerage plant for Hamlet. Completion of this plant which serves

the town and surrounding residential districts, was in April of 1962. Construction is soon to begin on the National Guard Armory to be built here. These are just two examples of the new buildings being constructed.

The bonded debt of Hamlet is \$393,000. The City Council voted to add \$286,000 to the old debt, for the sewerage plant. The total debt is expected to be paid off in the fall of 1969.

Hamlet is an aggressive, growing community. Southern hospitality is the rule, not the exception among the residents. There is a close feeling of co-operation among the churches, civic organizations, merchants and the general public.

Hamlet welcomes industry. The local Merchants Associa-

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a

tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

## A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising**—aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which can not be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

The power of light to sell goods has been demonstrated time and time again in stores throughout the country. People will buy what they can see well . . . they will buy more freely in the atmosphere of a modernly lighted store . . . they will be more satisfied with their purchases. Light also can be used to call customers attention to certain goods through floodlighting or spotlighting, and its applications to the display of merchandise are almost endless.

The proper use of light is a powerful sales tool . . . a sales tool that you can use with profit in your business.

Belk's.....Belk's Department Store  
CP&L Co.....Carolina Power & Light Co  
SAL.....Seaboard Air Line Railroad  
SBT&T.....Southern Bell Telephone & Telegraph Co

### EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

## **Out of Sight - Out of Mind**

### **★ Out of Business ★**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. **Insist on being well represented in its pages.**

*Use Our Library of*

## **OUT-OF-TOWN CITY DIRECTORIES**

---

A complete library of out - of - town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

# HILL'S HAMLET

Directory of Householders, Occupants of Office  
Buildings and Other Business Places, Including  
a Complete Street and Avenue Guide

## 1963

Copyright, 1963, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house-owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

# U. S. POSTAL INFORMATION

## DOMESTIC POSTAL RATES

### First-Class

LETTERS: 3 cents for each ounce or fraction of an ounce.

POST CARDS or POSTAL CARDS: 4 cents each within prescribed sizes.

BUSINESS REPLY MAIL: Consult your local post office.

### Second-Class

NEWSPAPERS AND PERIODICALS (Transient rate): 4 cents for the first 2 ounces, and 1 cent for each additional ounce or fourth class rate, whichever is lower.

### Third-Class

(Up to, but not including 16 ounces) On circulars and other miscellaneous printed matter, catalogues, and merchandise, 4c for the first 2 ounces or fraction, plus 2c for each additional ounce or fraction.

(For special rates on some books and catalogues, consult your post office).

### Bulk Rate

Consult your post office.

### Fourth Class—Parcel Post

Fourth-class mail embraces mailable matter not included in the first or second class, weighing 16 ounces or more.

Parcels mailed BETWEEN FIRST-CLASS POST OFFICES (except Alaska and Hawaii) carry the following weight and size limits:

SIZE: 72 inches in length and girth combined (ALL ZONES)

WEIGHT: 40 lbs. (local, 1st & 2nd zones) 20 lbs. (3rd through 8th zones)

Weight and size limits of 100 inches in length and girth combined, and 70 lbs. apply in the case of parcels:

1. Mailed at ANY post office or on any rural or star route for delivery at any second-, third-, or fourth-class post office or for delivery by any rural or star route carrier.

2. Containing baby fowl, live plants, trees, shrubs, or agricultural commodities.

3. Books that qualify at the Educational Materials or Library Materials rates. (Consult post office for regulations)

4. Mailed for delivery at most Army or Fleet post offices (consult post office for exceptions), or to any Territory or Possession of the United States, including Alaska and Hawaii.

CAUTION: In computing "additional pound" charges, note rates within a single zone are not always constant. Compute each column separately, then add together.

EFFECTIVE JANUARY 7, 1963

## AIR MAIL

All mailable matter except that liable to damage by changes in temperature or atmospheric pressures may be sent by air mail.

Rate is 8 cents per ounce up to 8 ounces. Air Mail weighing more than 8 ounces and NOT containing matter of the first class is subject to zone rates and conditions prescribed for air parcel post service.

First-class matter above 8 ounces, 64 cents first 8 ounces plus 5 cents each additional ounce, or air parcel post rate if higher.

Post cards within prescribed limits of size—6 cents.

### Domestic Air Parcel Post

### AIDS TO PROPER MAILING

Do not use "Township" as part of your address.

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address.

Insure valuable parcels except those containing small articles of considerable value which should be registered. Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Zone numbers on mail addressed to cities where Zone Numbers are required.
